ASSESSMENT POLICY STAGE 4

Introduction

The purpose of this document is to outline the Assessment Policy of Homebush Boys High School for Years 7 and 8 - Stage 4. Please read this policy carefully and make sure you understand it.

What is Assessment?

Assessment is the process of identifying, gathering and interpreting information about student achievement. Assessment can be used for a number of key purposes, including to:

- assist in student learning;
- evaluate and improve teaching and learning programs;
- provide information on student learning and progress in a course in relation to the syllabus outcomes;
- provide evidence of satisfactory completion of a course, and
- report on the achievement by each student at the end of a course.

It is a requirement of the school assessment program that for each course the school must establish a program of assessment tasks. These tasks are conducted throughout the academic year and each has a weighting determined by the school within guidelines provided by the NSW Education Standards Authority (NESA). School-based assessment tasks are linked to standards because the tasks focus on outcomes which are valid instruments for what they are designed to assess, and the marking guidelines are related to the wording of the outcomes and the performance standards.

Each task enables teachers to collect information about students' achievement in relation to several outcomes, to award marks in accordance with marking guidelines, and to provide constructive feedback to students on their performance highlighting their strengths and indicating where they could make improvements.

Each student is awarded an assessment mark and that represents a measure of the student's achievement relative to other students. The assessment mark is derived from the results of a number of assessment tasks, as outlined in the schedules published in this booklet.

The purpose of assessment is to improve student learning. It gives the student the opportunity to demonstrate her learning in a range of contexts. It further provides the student with the chance to reflect on and review their progress and help set the direction for future learning.

The assessment program will contain both informal and formal assessment. Examples of these are:

Informal Assessment

- Class Projects, Class Assignments
- Classroom activities
- Homework assignments
- Mini-tests, Quizzes
- Group and pair work
- Book mark

Formal Assessment

- Projects
- Presentations
- Research assignments
- End of unit tests
- Half Yearly and Yearly Examinations
- Assessment tasks

NSW Education Standards Authority (NESA) Website

Syllabi for all courses may be accessed through the NSW Education Standards Authority (NESA) website at <http://educationstandards.nsw.edu.au>

The following principles apply to all assessment tasks in Year 7 and 8.

- Students will be given advance notice in writing (approximately 2 weeks) of the exact date for completing or submitting a task. Students will sign a roll to indicate they have received an assessment task notification.
- Students must submit their assessment tasks to their class teacher by the due date. If the teacher is absent, the task must be submitted to the Head Teacher.
- Students must submit their tasks when they are due. It is important to meet the deadlines for tasks, otherwise they may have a zero mark awarded and a letter sent home informing their parents. See below
- If a student cannot submit a task for a reason beyond their control, they must submit a "Assessment Task Illness/Misadventure Application". This must be completed and handed to the class teacher with the relevant documents. The Head Teacher will decide on the appropriate course of action.

Absence on the Day of an Assessment Task

If a student is absent on the day of an assessment task:

- The student or his parent must telephone the school and inform the class teacher.
- A doctor's certificate is required if the absence is on medical grounds. Medical Certificates must:
 - i. include the day of the missed task;
 - ii. show the length of time the student will be unfit for school;
 - iii. be produced immediately on return to school.
- A deduction of 10% per day (including weekends) will apply for an assessment task submitted late without an acceptable reason up to 3 days. Tasks submitted more than 3 days late will receive a zero.
- A student who does not attend all lessons on the day of an assessment task will not have the assessment task mark counted unless there are extenuating circumstances. Technology malfunction will not be accepted as a reason for late submission of a task. Work can be submitted electronically in consultation with the teacher.
- If the student does not make application to the Head Teacher(s) concerned on their next school day of attendance after the due date of the missed assessment task a zero mark will be awarded and a letter sent home to inform parents.

Absence due to Foreseen Circumstances, School Business or Approved Leave

On some exceptional occasions, your inability to meet assessment dates can be foreseen prior to the deadline. Examples include emerging clashes with major sporting events, work placement, student leadership events or approved leave. If this occurs, it is the student's responsibility to immediately contact the Head Teacher of the course concerned before the date of the task. In doing so you are required to submit a School Business or Approved Leave Application requesting the opportunity to negotiate alternative arrangements to complete the task.

If an assessment task is not submitted or completed because of foreseen circumstances, and no attempt was made prior to the date of the task to negotiate alternative arrangements with the Head Teacher through the submission of an application, penalties will be applied or a zero mark may be awarded.

The outcome of your School Business or Approved Leave Application will be decided by the Head Teacher after considering the information provided.

The possible outcomes of your application include:

- Original task to be completed at or by a negotiated time.
- Alternative task to be completed at or by a negotiated time.

NOTE: Where the student submits the task or the application after the due date, refer to the **Absence on the Day of an Assessment Task** section above.

Assessment Task Illness/Misadventure Application

To apply for an exemption the student must fill out an Illness/Misadventure Application Form. This must be submitted to the Head Teacher(s) concerned on their next school day of attendance after the due date of the missed assessment task.

A. If the Assessment Task Illness/Misadventure Application is **accepted**, then the teacher of that course will:

- arrange for the student to attempt the task at a different time;
- arrange for the student to attempt an alternative task of a similar nature.

In exceptional circumstances the Head Teacher may authorise the use of an estimate based on appropriate evidence.

B. If the Assessment Task Illness/Misadventure Application is **not accepted**, the student will be awarded a zero mark and a letter will be sent home to inform parents.

Students may appeal against the Head Teacher's decision by lodging an appeal form with the Principal **within three (3) school days of initial determination**.

The Principal may:

- Reject the appeal and order the zero mark to stand
- Grant a limited extension
- Order that a substitute task be performed or
- Award an estimate.

Plagiarism

Plagiarism is submitting work that is someone else's work or ideas, words, expressions, arguments, drawings, graphics, maps, video programs or digital files. Plagiarism also includes summaries of someone else's work and paraphrasing of information without acknowledging the author. Plagiarism is dishonest, unethical and not permitted by NESAs. Work which is not a student's own work will not be accepted. Plagiarism of any form will result in the student being awarded a zero mark and a letter sent home informing their parents.

Non-Serious Attempts

A non-serious attempt includes: inappropriate language and answers and minimal effort in completing the assessment task.

A non-serious attempt at an assessment task may lead to the student being awarded a zero mark and a letter sent home informing parents. The Head Teacher, in consultation with the teachers involved, will determine whether an attempt is non-serious and if so, it will count as a non-attempt. If this is the case, the student will be awarded a zero mark and a letter sent home to inform their parents.

Cheating

Cheating is any attempt to gain an unfair advantage over other students or to complete a task in a dishonest way. If this is the case, the student will be awarded a zero mark and a letter sent home to inform their parents.

Disrupting a Test or Examination

Any student causing a disruption in a test or examination will be awarded a zero mark and a letter sent home to inform their parents.

SCHOOL WRITING STRATEGY

Writing has been identified as a key issue across the school:

- in Year 8, the focus is on accurate writing for a purpose; and
- in Year 11, on structured writing in response to a question directive term.

To support the development of students' writing in 2020, the school has adopted a Writing Strategy in these Years.

In each Semester, one assessment task in each subject (except Maths) will involve extended writing. Students will be given written notification of these tasks at least two weeks before they are scheduled, and will be prepared through modelling exercises beforehand, so they are clear about what to do.

Then, all writing will be marked using the same marking scale across the Year and graded (A to E) using the same standards. These writing grades will be shown on all Semester reports.

Students' writing grades will help to identify those students needing further support to improve their writing and will assist in tracking improvement over time.

ENGLISH

COURSE DESCRIPTION

The English Faculty's assessment program is comprised of three across-year formal assessment tasks – two in Semester One and one in Semester Two. The Half-Yearly Report mark will be made up of the first assessment task and a class mark. The Year Rank is based on the formal task only.

The mark in the Yearly Report will be made up of all three assessment tasks and class marks. The Year rank and grade will be based on the three assessment tasks only. As well, please note the first 28 students in the assessment rank make up the targeted 'A' class in the following year.
