ASSESSMENT POLICY STAGE 4

Introduction

The purpose of this document is to outline the Assessment Policy of Homebush Boys High School for Years 7 and 8 - Stage 4. Please read this policy carefully and make sure you understand it.

What is Assessment?

Assessment is the process of identifying, gathering and interpreting information about student achievement. Assessment can be used for a number of key purposes, including to:

- assist in student learning;
- evaluate and improve teaching and learning programs;
- provide information on student learning and progress in a course in relation to the syllabus outcomes;
- provide evidence of satisfactory completion of a course, and
- report on the achievement by each student at the end of a course.

It is a requirement of the school assessment program that for each course the school must establish a program of assessment tasks. These tasks are conducted throughout the academic year and each has a weighting determined by the school within guidelines provided by the NSW Education Standards Authority (NESA). School-based assessment tasks are linked to standards because the tasks focus on outcomes which are valid instruments for what they are designed to assess, and the marking guidelines are related to the wording of the outcomes and the performance standards.

Each task enables teachers to collect information about students' achievement in relation to several outcomes, to award marks in accordance with marking guidelines, and to provide constructive feedback to students on their performance highlighting their strengths and indicating where they could make improvements.

Each student is awarded an assessment mark and that represents a measure of the student's achievement relative to other students. The assessment mark is derived from the results of a number of assessment tasks, as outlined in the schedules published in this booklet.

The purpose of assessment is to improve student learning. It gives the student the opportunity to demonstrate her learning in a range of contexts. It further provides the student with the chance to reflect on and review their progress and help set the direction for future learning.

The assessment program will contain both informal and formal assessment. Examples of these are:

Informal Assessment

- Class Projects, Class Assignments
- Classroom activities
- Homework assignments
- Mini-tests, Quizzes
- Group and pair work
- Book mark

Formal Assessment

- Projects
- Presentations
- Research assignments
- End of unit tests
- Half Yearly and Yearly Examinations
- Assessment tasks

NSW Education Standards Authority (NESA) Website

Syllabi for all courses may be accessed through the NSW Education Standards Authority (NESA) website at <http://educationstandards.nsw.edu.au>

The following principles apply to all assessment tasks in Year 7 and 8.

- Students will be given advance notice in writing (approximately 2 weeks) of the exact date for completing or submitting a task. Students will sign a roll to indicate they have received an assessment task notification.
- Students must submit their assessment tasks to their class teacher by the due date. If the teacher is absent, the task must be submitted to the Head Teacher.
- Students must submit their tasks when they are due. It is important to meet the deadlines for tasks, otherwise they may have a zero mark awarded and a letter sent home informing their parents.
- **If a student cannot submit a task for a reason beyond their control, they must submit a "Assessment Task Illness/Misadventure Application". This must be completed and handed to the class teacher with the relevant documents. The Head Teacher will decide on the appropriate course of action.**

Absence on the Day of an Assessment Task

If a student is absent on the day of an assessment task:

- The student or his parent must telephone the school and inform the class teacher.
- A doctor's certificate is required if the absence is on medical grounds.

Medical Certificates must:

- include the day of the missed task;
- show the length of time the student will be unfit for school;
- be produced immediately on return to school.
- **A deduction of 10% per day (including weekends) will apply for an assessment task submitted late without an acceptable reason up to 3 days. Tasks submitted more than 3 days late will receive a zero.**
- A student who does not attend all lessons on the day of an assessment task will not have the assessment task mark counted unless there are extenuating circumstances. Technology malfunction will not be accepted as a reason for late submission of a task. Work can be submitted electronically in consultation with the teacher.

If the student does not make application to the Head Teacher(s) concerned on their next school day of attendance after the due date of the missed assessment task a zero mark will be awarded and a letter sent home to inform parents.

Absence due to Foreseen Circumstances, School Business or Approved Leave

On some exceptional occasions, your inability to meet assessment dates can be foreseen prior to the deadline. Examples include emerging clashes with major sporting events, work placement, student leadership events or approved leave. If this occurs it is the student's responsibility to immediately contact the Head Teacher of the course concerned before the date of the task. In doing so you are required to submit a School Business or Approved Leave Application requesting the opportunity to negotiate alternative arrangements to complete the task.

If an assessment task is not submitted or completed because of foreseen circumstances, and no attempt was made prior to the date of the task to negotiate alternative arrangements with the Head Teacher through the submission of an application, penalties will be applied or a zero mark may be awarded.

The outcome of your School Business or Approved Leave Application will be decided by the Head Teacher after considering the information provided.

The possible outcomes of your application include:

- Original task to be completed at or by a negotiated time.
- Alternative task to be completed at or by a negotiated time.

NOTE: Where the student submits the task or the application after the due date, refer to the **Absence on the Day of an Assessment Task** section above.

Assessment Task Illness/Misadventure Application

To apply for an exemption the student must fill out an Illness/Misadventure Application Form. This must be submitted to the Head Teacher(s) concerned on their next school day of attendance after the due date of the missed assessment task.

A. If the Assessment Task Illness/Misadventure Application is **accepted**, then the teacher of that course will:

- arrange for the student to attempt the task at a different time;
- arrange for the student to attempt an alternative task of a similar nature.

In exceptional circumstances the Head Teacher may authorise the use of an estimate based on appropriate evidence.

B. If the Assessment Task Illness/Misadventure Application is **not accepted**, the student will be awarded a zero mark and a letter will be sent home to inform parents.

Students may appeal against the Head Teacher's decision by lodging an appeal form with the Principal **within three (3) school days of initial determination**.

The Principal may:

- Reject the appeal and order the zero mark to stand
- Grant a limited extension
- Order that a substitute task be performed or
- Award an estimate.

Plagiarism

Plagiarism is submitting work that is someone else's work or ideas, words, expressions, arguments, drawings, graphics, maps, video programs or digital files. Plagiarism also includes summaries of someone else's work and paraphrasing of information without acknowledging the author. Plagiarism is dishonest, unethical and not permitted by NESAs. Work which is not a student's own work will not be accepted. Plagiarism of any form will result in the student being awarded a zero mark and a letter sent home informing their parents.

Non-Serious Attempts

A non-serious attempt includes: inappropriate language and answers and minimal effort in completing the assessment task.

A non-serious attempt at an assessment task may lead to the student being awarded a zero mark and a letter sent home informing parents. The Head Teacher, in consultation with the teachers involved, will determine whether an attempt is non-serious and if so, it will count as a non-attempt. If this is the case, the student will be awarded a zero mark and a letter sent home to inform their parents.

Cheating

Cheating is any attempt to gain an unfair advantage over other students or to complete a task in a dishonest way. If this is the case, the student will be awarded a zero mark and a letter sent home to inform their parents.

Disrupting a Test or Examination

Any student causing a disruption in a test or examination will be awarded a zero mark and a letter sent home to inform their parents.

ENGLISH

COURSE DESCRIPTION

The English Faculty's assessment program is comprised of four across-year formal assessment tasks – one per term. Each task is worth 25%. The Half-Yearly report mark will be made up by two assessment tasks and class activities and tasks. The semester report will include class mark and class rank.

The mark in the Yearly report will be made up of all 4 assessment tasks. The Year rank and grade for Semester 2 will be based on the four assessment tasks. As well, please note the first 28 students in the assessment rank make up the targeted 'A' class in the following year.

ASSESSMENT SCHEDULE

TASK		COMPONENT/DESCRIPTION	WEIGHT	DUE
SEMESTER ONE				
1.	Writing Assessment Task	Students will write a piece of descriptive writing based on a chosen stimulus.	25%	Term 1 Week 6
2.	Reading Assessment Task	Comprehension passages - will test students' ability to read for literal and inferential meaning.	25%	Term 2 Week 2
3.	Class writing tasks	Writing activities – must include a response using P.E.E.L.	25%	Term 2 Week 4
4.	Class work	Grammar, WordFlyers, Tests and assignments. A Wide reading mark	25%	Term 2 Week 4
SEMESTER TWO				
5.	Multi-modal presentation	Students devise a multi-modal presentation in pairs.	25%	Term 3 Week 7-9
6.	Listening Assessment Task	Tests students' ability to comprehend the spoken word.	25%	Term 4 Week 1

GEOGRAPHY

COURSE DESCRIPTION

Year 7 Geography involves the examination of landscapes and landforms using examples from Australia and throughout the world. Students explain processes that create landscapes and shape individual landforms and they describe the value of landscapes and landforms to different people. They will also discuss factors that influence people's perceptions of the livability of places. They investigate features and characteristics of places across a range of scales that support and enhance people's wellbeing such as community identity, environmental quality and access to services and facilities.

ASSESSMENT SCHEDULE

TASK		COMPONENT	WEIGHT	DUE
SEMESTER ONE				
1.	Geomorphic Report	Landscapes & Landforms and research skills	40%	Term 1 Week 7
2.	Course Content & Skills Test	Geographical skills and course content	40%	Term 2 Week 2
3.	In-class ongoing assessments	This mark will be made up of at least two class based tasks such as class and homework tasks, research report, ICT reports and group presentations.	20%	Ongoing throughout the semester
		TOTAL	100%	
SEMESTER TWO				
1.	Geomorphic Report	Landscapes & Landforms and research skills	40%	Term 3 Week 7
2.	Course Content & Skills Test	Geographical skills and course content	40%	Term 4 Week 2
3.	In-class ongoing assessments	This mark will be made up of at least two class based tasks such as class and homework tasks, research report, ICT reports and group presentations.	20%	Ongoing throughout the semester
		TOTAL	100%	

Students study Geography for one semester only. If a student is absent on the date of the assessment task, he must bring a note to explain his absence, and submit his task on the first day he returns to school. If a student is absent from doing the task due to an illness, he must obtain a doctor's certificate of which he must present to his teacher or (Rel) Head Teacher, Mrs Duch on his first day back at school. Late submission will result in a 10% deduction for every weekday and 20% for the weekend.

HISTORY

COURSE DESCRIPTION

History is a disciplined process of inquiry into the past that allows students to locate themselves in the broad continuum of human experience. It enables students to appreciate the human endeavours and achievements of the past, both for their own intrinsic interest and for their legacy to later generations. History provides opportunities for students to explore human actions in a range of historical contexts and encourages them to develop understanding of motivation, causation, consequences and empathy. Historical skills in critical thinking and independent inquiry-based learning enable and encourage students to become engaged in lifelong learning.

LANGUAGES

COURSE DESCRIPTION

The study of languages provides opportunities for students to become more accepting of diversity, more respectful of others and more aware of their place in the international community. The outcomes described for Stage 4 should be regarded as the basis for the further development of knowledge, understanding and skills in the target language.

Languages Assessment covers the four language skills that are as follows:

LISTENING READING SPEAKING WRITING

ASSESSMENT SCHEDULE

TASK	COMPONENT	WEIGHT	DUE

		TOTAL	100%	

The Half Yearly report includes results for tasks 1, 2 and 3, while the Yearly report includes results from tasks 4, 5 and 6. Student ranking is class based.

MATHEMATICS

COURSE DESCRIPTION

The study of mathematics provides opportunities for students to learn to describe and apply patterns and relationships; reason, predict and solve problems, calculate accurately both mentally and in written form and interpret and communicate information presented in numerical, geometrical, graphical, statistical and algebraic form. The Semester 1 report mark will be made up of Task 1, Task 2 and the semester 1 Class mark.

The Semester 2 report mark will be made up of all the tasks for the year.

Common tasks should only include work covered by all classes involved.

Class-mark is a measure of class-work within a particular class. It includes: class tasks, exercise book, Mathletics and a measure of class involvement.

Report cards will indicate a mark and position within the year.

Working Mathematically is a mathematics project that all students do.

The content strands are Number, Patterns and Algebra, Data, Measurement, Space and Geometry.

ASSESSMENT SCHEDULE

Semester 1

1.	Task 1	Written Test	40%	Term 1 Week 7

Students will receive written notification of the details of each task.

MUSIC

COURSE DESCRIPTION

The Year 7 course in Music aims to further develop the technical skills in the listening, composing and playing of different styles of music. It provides students with the opportunity to build an understanding of the role of music in a variety of cultures, and also covers the history of music from traditional, modern and contemporary periods.

8.	In-class ongoing Assessment	Music Learning Goals Journal includes: Bookmark Homework Tasks	5%	Ongoing Submit Term 4 Week 4

Written feedback including marking criteria for each assessment task will be provided. The Semester 1 report includes tasks 1-4. Marks are cumulative for the Yearly Report.

PDHPE

COURSE DESCRIPTION

In Personal Development, Health and Physical Education students cover the following units; Healthy Lifestyle, Bullying, Resilience and Relationships, Changes and Challenges and Inclusivity and Diversity. Students analyse health issues that impact on young people, learn how to access and assess health information, develop an understanding of inclusivity and diversity as well as explore positive relationships and strategies that enhance their ability to cope and feel supported. In practical lessons, students engage in Invasion Games, Net and Court, Target Games and Striking and Fielding units and learn tactical awareness, strategies, analysis of movement and the value of physical activity. Students are assessed on both theory and practical outcomes.

SCIENCE

COURSE DESCRIPTION

The study of science develops student's scientific knowledge and understanding, skills and values and attitudes within broad areas of science that encompass the traditional disciplines of Physics, Chemistry, Biology and the Earth Sciences.

REPORTING CYCLE

- Semester One Reports Due – Term 2, Week 5. Includes - Task 1 and Half Yearly Examination (Semester Class Mark and Class Rank).
- Semester Two Report Due – Term 4, Week 3. Includes Tasks 1,2 and 3. Report is based on 50% Semester One and 50% Semester Two. Semester Two Report will include Mark, Year Rank and Grade (A-E).

ASSESSMENT SCHEDULE

	Worksheet/note book completion Spelling and sentence usage	Class Activities - To be reported as outcome but not assessed Literacy Focus	Nil	A minimum of ONE per Term
SEMESTER TWO				
3.	Research and Communication – Oral presentation and make a poster	Chapter 6 - Classification (5weeks) Chapter 5 - Habitats and Interactions (5 weeks)	25%	Term 3 Weeks 8
	ZOO Excursion	Field Study outcome but not assessed	Nil	Term 3 Week 9/10
4.	Yearly Examination (Mixtures, Classification and Habitats)	Chapter 3 - Earth Resources (4 weeks) Chapter 8 - Earth in Space (5 weeks)	30%	Term 4 Week 1

*Students will receive written notification of the details of each task

TECHNOLOGY

COURSE DESCRIPTION

An introductory to Technology Unit will be studied by each student for the first four weeks of the course. The Unit aims to provide essential background knowledge in design process and Folio documentation to successfully complete the course and includes general safety instructions in practical classrooms. The students then study three design specialisation areas, rotating every cycle to undertake a different area of specialisation. The cycle change dates for 2019 are as follows:

- *Cycle 1 – Week 1, Term 1 to Week 4, Term 2 (15 weeks)*
- *Cycle 2 – Week 5, Term 2 to Week 8, Term 3 (14 weeks)*
- *Cycle 3 – Week 9, Term 3 to Week 10, Term 4 (12 weeks)*

ASSESSMENT SCHEDULE

ROTATION 1

TASK	COMPONENT/DESCRIPTION	WEIGHT	DUE
1.	Mandatory Introductory Unit - Complete activity handbook on design process and general safety.	20%	Term 1 Week 6

9.	Research Assignment and oral task	10%	Term 4 Week 3
10.	Design Folio	20%	Term 4 Week 7
11.	Practical Project	50%	Term 4 Week 7

Students will be assessed during their initial cycle on the design specialisation area they are undertaking. This will be reported in half-Yearly School report. A mark out of 100 will be awarded and calculated as per the assessment schedule for Rotation 1. Ranks will be based on class group. Yearly School report will be based on the assessment carried out in second rotation cycle and include 80 % from total of Rotation 2 marks as well as 20% marks from rotation 3. The teacher assessing rotation 2 will be responsible for the completion of semester 2 reports. Ranks will be based on whole Year cohort group and include an overall achievement grade (A – E). All reports will have an overall Effort (1-5) as well.

VISUAL ARTS

COURSE DESCRIPTION

The Year 7 course in Visual Arts fosters interest and enjoyment in artmaking and the studying of art. It provides students with the opportunity to develop their practical skills in a range of expressive forms and also build an understanding of historical and critical study in the art world.

ASSESSMENT SCHEDULE

TASK		COMPONENT	WEIGHT	DUE
